The musicale at the residence of Mr. F. J. Lowrey last evening for the benefit of the Ladies' Society of Central Union Church was a brilliant and artistic sucess, the entire program being particularly well selected and the performers were largely old-time favorites.

The beautiful home of the Lowreys is well-adapted to a musicale, or in fact, to any entertainment. The drawingroom, or Roman room as it is also known, in which the musicale was given is a large spacious hall in which about 150 persons were comfortably seated. The hall is patterned, in general design, after a Roman room, and in the center is a fountain surrounded by beautiful plants. The acoustics, too, are satisfactory. The large lanai formed a retiring room for the performers. The piano in use was a grand of fine

The accompanists were Mrs. L. Tenney Peck, Mrs. W. L. Whitney and Miss Craig. There were no encores, an innovation which could well be copied to advantage in other similar entertainments. The program, although comprising ten numbers, took but little over an hour to be rendered, and was thoroughly pleasurable throughout.

To specify individual successes is almost unnecessary as the performers received ovations last evening as they have on previous occasions. Mr. Edmunds of Ewa made a very favorable impression in his rendition of a tenor solo and in a duet with Mr. Melchers. while the latter's German solo was a genuine treat. Mrs. C. B. Cooper was in splendid voice, as usual, and Mr. Livingstone sustained his reputation in a baritone solo, with a fine 'cello obligate by Dr. Ramus, Messrs. Busch, Nolet, Marx and Ramus form a string quartet of merit, and the instrumental number given by Mrs. W. L. Whitney, Mr. Busch and Dr. Ramus, was an artistic effort. Mr. Arthur Wall, assisted by Mrs. Otis, Miss C. Hall, Miss G. Hall, Miss Byington, Miss Lishman and Miss A. Judd, sang Kjerulf's serenade in a most pleasing manner.
Miss Werthmueller played a piano solo charmingly.

The audience was representative of Honolulu's music-loving people.

ships, to ply directly netween Callao and Ancon, Canal Zone, with a sort of subsidiary line of smaller yessels to make shorter coastwise trips, is now an accomplished fact. The necessary an accomplished fact. The necessary capital, I am told, has been subscribed in the country itself, and before long there will probably be six steamers of about 1600 tons each, making the regular itinerary above mentioned. These facts will doubtless cause a profound feeling of gratification throughout the country.

"The general spirit pervading Peru today is one of extreme modernisma desire to cast away tradition and occupy a prominent place in the arts and industries and business.

"A point which ought to be of interest to American shipmasters and engineers is that these vessels are all to be commanded by foreign masters, and and engineers shall have under their orders Peruvian first, second and third officers. The pay of the masters will be about 60 Peruvian pounds gold (\$292,20 United States currency) per month, and they shall naturally be subjected to no living expenses while aboard ship. The remuneration of the engineers has not yet been decided upon. Subject to the desires of the Secretary of Commerce and Labor, the Consulate-General invites the correspondence of properly certificated American shipmasters and engineers, whose application will at the proper time be presented to the person placed in charge of this coming line of Peruvian steamships."

THE NEW SOUND STEAMERS. According to a Liverpool newspaper, the names of the new Liverpool-Tacoma freighters, which are being built | feld wharf.) especially for this trade by Alfred Holt & Co., will be the Bellerophon. Teucer, Cyclops, Titan and Antilochus. The Bellerophon is scheduled to arrive at Victoria first, she being listed to arrive there next April. The new steamers are cargo-carriers of immense size, have twin screws and are nearing completion for the Ocean Steamship Company. This firm for several years has operated the large Blue Funnel fleet between Liverpool and Victoria. In addition to the new twin screw freighters, four smaller steamers are also building, which will fly the flag of China Mutual Company, also controlled by Holt & Co., and operating at present the White Funnel fleet between Tacoma and England. These are to be christened the Myrmidon. Pholyphemus, Memnon and Astyana. It is understood that they are to be tramps. These four will have only single screws. Of the five large new steamers, with the exception of the Antilochus, all are named after vessels that the Holt firm for-
